

# NOVA SCOTIA MANAGEMENT OF CONSTRUCTION AND DEMOLITION DEBRIS

## QUICK REFERENCE GUIDE

Construction and Demolition (C&D) debris is estimated to account for 25 to 30% of the entire waste stream. In Nova Scotia, this is approximately 175,000 to 200,000 tonnes of C&D debris disposed per year. C&D materials have what some call embodied energy.

This is potential energy and resource savings that are lost if C&D debris is disposed of in a landfill.

Below is a list of facilities approved to receive C&D debris for disposal or transfer. Sorting requirements/options may vary by location.

To be prepared prior to arriving at a disposal facility, please consider calling ahead to determine disposal/recycling options and if tipping fees will apply.

Tipping fee options might include mixed C&D debris, mixed wood, clean wood (no coatings), clean drywall, metal, asphalt shingles, asbestos, tires, cardboard, etc.

Additional details on sorting requirements including disposal bans can also be found in the Management Guide for Construction and Demolition Debris at [http://www.wastecheck.ca/CD\\_Debris\\_Management\\_Guide.html](http://www.wastecheck.ca/CD_Debris_Management_Guide.html)

REGION	WASTE FACILITY NAME	WASTE FACILITY LOCATION	PHONE	OTHER CONTACT INFORMATION
1	Baddeck Waste Management Facility	Baddeck, Victoria County	902-295-2026	
	CBRM C&D Landfill *	Grand Lake Rd, Sydney	902-563-5593	
	CBRM Waste Transfer Station Facility	716 Spar Rd, Sydney, NS	902-563-5599	
	Dingwall Transfer Station	99 Dump Rd, Cape North	902-383-2548	
	Kenloch Waste Management Facility	420 West Lake Ainslie Rd, Kenloch, Inverness County	902-787-3502	
	Richmond Waste Management Facility	West Arichat, Richmond County	902-226-3988	
2	Atlantic Supermarket Contractors Ltd. *	Linacy, Pictou County	902-755-3213
