

**Subject: Invitation to Stakeholder Engagement Session - Roadwork**

Greetings,

Please be advised that for the month of September 2018, the Nova Scotia Department of Labour and Advanced Education's Occupational Health and Safety Division will again be focusing activity on "Safe Road Work". Like previous years, OHS Divisional staff will be travelling Nova Scotia roads throughout the Province, visiting "road work" job sites to ensure compliance with legislative responsibilities and to help promote safer workplaces.

We are pleased to extend an invitation for you to join us at one of two kick off meetings scheduled for:

- August 23<sup>rd</sup>, 1:30 pm, Room 15, Grand Lake Road Fire Hall, 850 Grand Lake Rd., Sydney

- August 29<sup>th</sup> at 1:30 pm, Holiday Inn, 437 Prince Street, Truro NS

Attendees will be provided with an overview of last year's program and will learn more about the focus of this year's initiative.

In addition to OHS staff, invitations have also been sent to the Nova Scotia Department of Transportation, local police agencies as well as public works representatives from regional Municipalities and Counties. We all have a responsibility to keep our roads and workers safe.

Please RSVP [Linda.Landry@novascotia.ca](mailto:Linda.Landry@novascotia.ca) or call 902-563-2180 and indicate the company you represent and which session you will be attending

Please feel free to share this invitation.

Thank you.

OHS Division

**Jeff Barnes**  
**Regional Director**  
**Nova Scotia Labour and Advanced Education**  
**Occupational Health and Safety Division**
